

Thank you so much for choosing my coloring books. I truly hope that you enjoy coloring these illustrations as much as I did creating them. And if you do please take a moment to leave a review, it is very much appreciated.

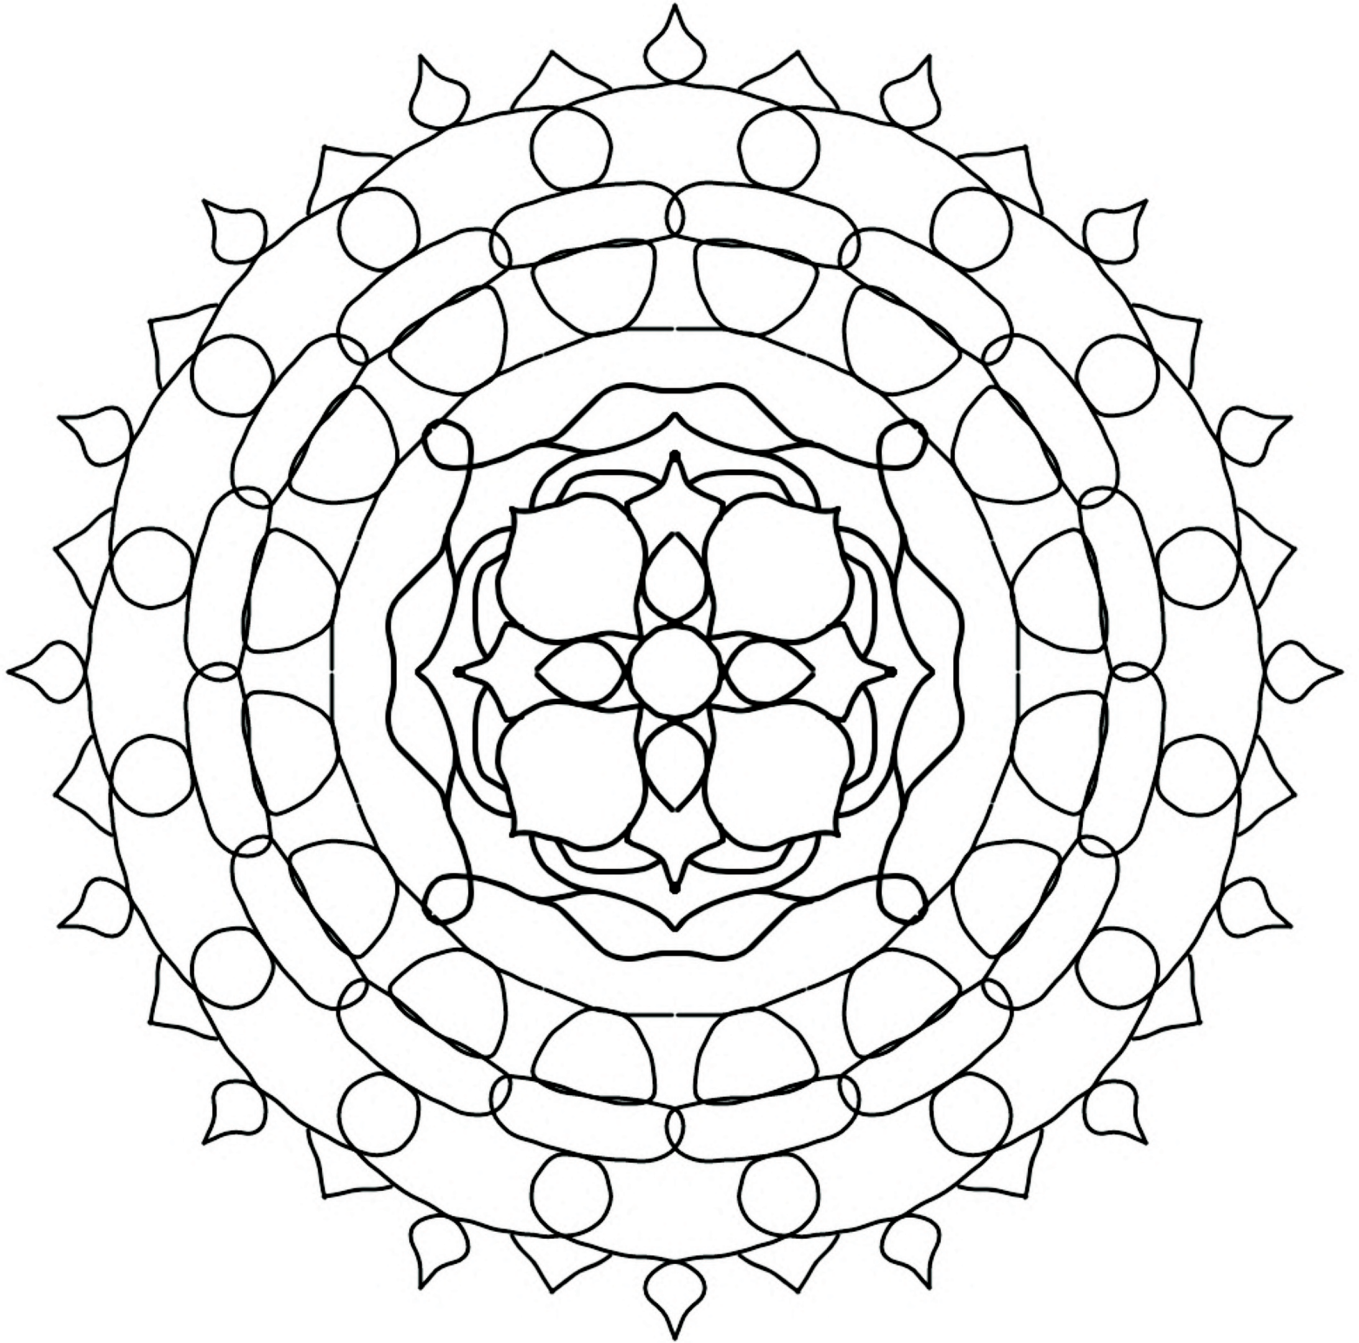

The back side of each coloring page is left blank intentionally, and it is advised that you place a piece of paper behind the coloring page that you're working on to prevent bleed through when using markers. There is a blank page at the back of the book for this purpose or you can use it to test color combinations.
